

The order of events is subject to change according to nominations. The committee will make every effort to ensure all competitors will be able to compete in the events they wish to nominate for however some timing clashes may occur for individual competitors. If a clash in arenas occurs, Campdraft/ wet work run nominations should be taken in preference to dry work runs. See the dry work steward and ask for your run to be moved if this occurs. The Committee reserves the right to change the program without notice.
